

Randy Hale - City Council Candidate - Position 5

In 1996 a promotion brought my family from Dallas to the Houston area. After three months of careful research, Kathy – my bride of 50 years as of next December – told me, “Friendswood is where we are going to live.” Thirty years later, it is clear she made the best choice possible.

We raised our two sons here; both are proud FHS graduates who eventually married their Friendswood brides. We are blessed with three grandkids, and we are very happy to say that one of our sons will be moving his family back to Friendswood very soon (we’re still working on the other one!).

I am a “working stiff” who ended up okay. My work life started by busing tables when I was 12. I learned early on what a strong work ethic is and will do for you.

As a young man I began my 45 year career in business sales and management. Getting compensated on performance is how I have always earned a living. I know how to run a P&L.

My career was based on the foundation of asking the right questions. Years of training taught me to really listen to the answers and be of service to customers. I learned that everyone is my customer.

I am currently active with our HOA and I serve on the board.

For the last three plus years, I have been an active observer of local politics.

I have attended or viewed almost every City Council meeting, many P&Z meetings, and I read the agendas. During this time I have addressed Councils and Boards with comments and questions on a variety of issues.
